Carbon Digital Conference 2026

Plenary 10

JETRO Session: Accelerating the implementation of Indonesia-Japan Collaboration towards
Net-zero Emission target - Gearing up on supplying Japan Market

Date: 8-9 December 2026

Venue: Sheraton Grand Jakarta Gandaria City
Jakarta, Indonesia

I. About CDC 2026

The Carbon Digital Conference (CDC) is the flagship annual international conference organized by the Indonesia Carbon Trade Association (IDCTA) to convene policymakers, market participants, investors, project developers, financial institutions, technology providers, and international organizations in advancing Indonesia's carbon market ecosystem.

Following the successful implementation of previous conferences, CDC2026 marks another important milestone as Indonesia enters a new phase of carbon market development. The implementation of the new Presidential Regulation No. 110/2025, the strengthening of Indonesia's National Registry System (SRN-PPI) and Unit Carbon Registry System (SRUK), increasing international cooperation under Article 6.2 of the Paris Agreement, and growing demand for high-integrity carbon credits have created significant momentum for Indonesia to become a regional carbon market hub.

However, despite abundant carbon resources, market growth continues to face several challenges, including:

- limited market liquidity;
- insufficient corporate demand;
- financing constraints for project development;
- evolving international compliance requirements;
- fragmented digital monitoring systems;
- the need for Internationally recognized methodologies and standards that aligns with Indonesia's unique landscape.

CDC2026 is designed to address these challenges by bringing together domestic and international stakeholders to accelerate market readiness, strengthen buyer confidence, mobilize investments, and expand international market access.

The conference also introduces several new initiatives, including the Carbon Bazaar, dedicated Indonesia–Japan collaboration sessions, business matching programmes, and discussions on innovative financing mechanisms to support the scaling of Indonesia's carbon economy.

II. Plenary Session Details

- **Title**

JETRO Session: Accelerating the implementation of Indonesia-Japan Collaboration towards Net-zero Emission target - Gearing up on supplying Japan Market

- **Description**

This session will explore opportunities to accelerate Indonesia–Japan collaboration towards achieving net-zero emission targets, with a particular focus on strengthening cooperation in carbon markets, decarbonization projects, and the development of carbon reduction technologies. The discussion will highlight the growing potential for Indonesian carbon projects and solutions to contribute to Japan's decarbonization objectives and emerging market demand.

The session will examine opportunities for collaboration between Indonesian project developers, government institutions, technology providers, financial institutions, and Japanese companies. Key topics will include the development and financing of carbon projects, technology and investment partnerships, carbon credit procurement, and mechanisms that can facilitate greater cooperation between the two countries, including the Joint Crediting Mechanism (JCM) and other relevant market frameworks.

The discussion will also address the requirements and opportunities for Indonesian carbon projects seeking to access the Japanese market. Particular attention will be given to project quality, bankability, carbon credit integrity, market readiness, and alignment with Japanese corporate decarbonization strategies. The session aims to provide participants with a clearer understanding of the pathways for strengthening Indonesia–Japan carbon partnerships and expanding the supply of high-integrity carbon projects to the Japanese market.

- **Day, Date and Time**

Wednesday, 9 December 2026 at 4:35PM - 5:30 PM

- **Place**

Sheraton Grand Jakarta Gandaria City Hotel
Jl. Sultan Iskandar Muda, Kebayoran Lama Utara,
Kec. Kebayoran Lama, Kota Jakarta Selatan,
Daerah Khusus Ibukota Jakarta 12240

- **Potential Panelists**

- JETRO
- Government of Japan / Relevant Japanese Government Institutions
- Japanese Corporations / GX Companies
- Indonesian Government / Relevant Government Institutions
- Indonesian Carbon Project Developers
- Japanese and Indonesian Technology / Investment Partners

**The above list of potential panelists is indicative and subject to confirmation.*

- **Moderator**

- PwC Indonesia*
