Carbon Digital Conference 2026

Plenary 6

From Commitment to Action: Corporate Net Zero & SBTi

Date: 8-9 December 2026

Venue: Sheraton Grand Jakarta Gandaria City
Jakarta, Indonesia

I. About CDC 2026

The Carbon Digital Conference (CDC) is the flagship annual international conference organized by the Indonesia Carbon Trade Association (IDCTA) to convene policymakers, market participants, investors, project developers, financial institutions, technology providers, and international organizations in advancing Indonesia's carbon market ecosystem.

Following the successful implementation of previous conferences, CDC2026 marks another important milestone as Indonesia enters a new phase of carbon market development. The implementation of the new Presidential Regulation No. 110/2025, the strengthening of Indonesia's National Registry System (SRN-PPI) and Unit Carbon Registry System (SRUK), increasing international cooperation under Article 6.2 of the Paris Agreement, and growing demand for high-integrity carbon credits have created significant momentum for Indonesia to become a regional carbon market hub.

However, despite abundant carbon resources, market growth continues to face several challenges, including:

- limited market liquidity;
- insufficient corporate demand;
- financing constraints for project development;
- evolving international compliance requirements;
- fragmented digital monitoring systems;
- the need for Internationally recognized methodologies and standards that aligns with Indonesia's unique landscape.

CDC2026 is designed to address these challenges by bringing together domestic and international stakeholders to accelerate market readiness, strengthen buyer confidence, mobilize investments, and expand international market access.

The conference also introduces several new initiatives, including the Carbon Bazaar, dedicated Indonesia–Japan collaboration sessions, business matching programmes, and discussions on innovative financing mechanisms to support the scaling of Indonesia's carbon economy.

II. Plenary Session Details

- **Title**

From Commitment to Action: Corporate Net Zero & SBTi

- **Description**

This session will explore how Indonesian corporations and financial institutions are moving from net-zero commitments toward concrete implementation, with a focus on Science Based Targets initiative (SBTi) targets, transition strategies, and the role of carbon markets in supporting corporate decarbonization.

The discussion will examine the readiness of Indonesia's domestic market for corporate carbon trading and how financial institutions and major corporations can support the transition toward SBTi-aligned business models. Speakers will share perspectives on SBTi targets, implementation plans, and financing strategies, including the potential role of institutions such as BRI, SMBC, Gojek/Grab, APP, and IDX in enabling the growth of companies aligned with credible science-based climate targets.

The session will also feature a Carbon Bazaar, providing an interactive platform for carbon project developers, investors, buyers, and other market participants to connect and explore potential opportunities for collaboration, financing, and carbon credit transactions. The Carbon Bazaar will complement the discussion by showcasing projects and solutions that can support corporate climate strategies and provide potential pathways for companies seeking high-integrity carbon instruments.

The session will also explore opportunities for greater collaboration between Indonesian and international financial institutions, corporations, carbon market participants, and capital markets. Particular attention will be given to the development of financing mechanisms for SBTi-aligned companies, the integration of carbon markets into corporate climate strategies, and lessons from Singapore

and other international markets. Participants will gain insights into how corporate commitments can be translated into measurable emissions reductions, credible transition plans, and increased demand for high-integrity carbon instruments.

- **Day, Date and Time**

Wednesday, 9 December 2026 at 11:10 AM - 12:00 PM

- **Place**

Sheraton Grand Jakarta Gandaria City Hotel
Jl. Sultan Iskandar Muda, Kebayoran Lama Utara,
Kec. Kebayoran Lama, Kota Jakarta Selatan,
Daerah Khusus Ibukota Jakarta 12240

- **Potential Panelists and Carbon Bazaar**

- Bank Rakyat Indonesia (BRI) *
- Sumitomo Mitsui Banking Corporation (SMBC) *
- Prospective speakers from leading Southeast Asian super-app platforms (Gojek / Grab) *
- Asia Pulp & Paper (APP) *
- Indonesia Stock Exchange (IDX) *
- Financial Institutions / Market Participants from Singapore and Other International Markets *

** The above list of potential panelists is indicative and subject to confirmation.*

- **Moderator**

- PwC Indonesia *
